Project: FMG Tug Harbour Temporary works & Construction Support

Client: Austral Construction

Project scope: Austral Constructions were engaged by Besix-Decmil to install mono-piles, walkways, pontoons and fendering for the FMG tug harbour in Port Hedland.

RM assisted with: pile gates on jack-up barge, crow's nest to access top of piles, temporary works steel for placing pile caps and walkways and assistance in lifting in all items.

Existing pile frame mounted on jack-up barge to drive 2m diameter mono piles.

Lifting walkways

Completed Facility – 5 pontoons, 5 gangways, 12 walkways, 17*2200mm piles, 7*1200mm piles, 4 nav aids and a maintenance berth
